

Regular underarm crutches are painful. M+D Crutches cradle the user's elbows and evenly distribute their weight throughout the forearms; removing pressure that other crutches place on the armpits, wrists and hands.

Contact your insurance company today to see if you are eligible for reimbursement. Here is some important information that might be requested for your claim:

| | |
|---|--|
| Supplier or Provider Address | Mobility Designed Inc. 1427 W 9th St. Suite 503 Kansas City, MO 64101 |
| EIN or Tax ID | 83-2449567 |
| NPI (National Provider Identifier) | 1598254856 |
| HCPCS Code or Procedure Code | E0110 - Forearm Crutch |
| Product Name | M+D Crutch |

M+D products are a good consideration for you if you need crutches and your doctor has indicated any of the following:

- Be non-weight bearing
- Need to increase DLA or Daily Living Activities
- Have progressive hand neuropathy
- Have carpal tunnel syndrome
- Crutches are "medically necessary"

71%

"I do not hurt at all when using the M+D Crutch."

Mobility Designed does not bill insurance companies for the purchase of the M+D Crutch, but the M+D Crutch is eligible for reimbursement on some plans. After purchasing the M+D Crutch, you may be able to submit a claim to your insurance company for reimbursement. Coverage will vary by health plan and we cannot guarantee that your health plan will provide coverage for these services.

Mobility Designed cannot guarantee that reimbursement if granted, will cover the full cost of the M+D Crutch. Claim submission requirements will vary by health plan. We recommend contacting your health insurance plan via the customer service number on the back of your insurance card in order to understand the process and forms required.
